

IN THE SPECIFICATION:

The specification as amended below with replacement paragraphs shows added text with underlining and deleted text with ~~strikethrough~~.

Please REPLACE the paragraph [0030] with the following paragraph:

The invention can also be embodied as computer readable codes on a computer readable recording medium. The computer readable recording medium is any data storage device that can store data which can be thereafter read by a computer system. Examples of the computer readable recording medium include read-only memory (ROM), random-access memory (RAM), CD-ROMs, magnetic tapes, floppy disks, and optical data storage devices, and ~~carrier waves (such as data transmission through the Internet)~~. The computer readable code stored in such a recording medium can also be distributed over network coupled computer systems so that the computer readable code is stored and executed in a distributed fashion.
